## STUDENT BOOK REVIEW

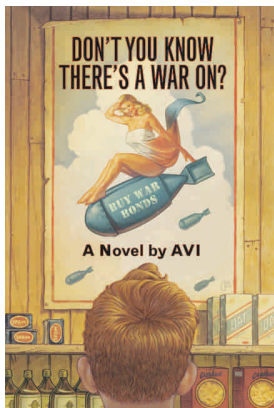

### *Don't You Know There's a War Going on?*

by: Avi

Have you ever finished a book that you didn't want to end? Well here's one, it's called Don't

You Know There's A War Going on? There are three reasons why you should read this book. First it is full of life and humor. It is about an 11-year-old boy named Howie. Howie is at home when most of the people he knows have gone off to fight in WWII. The book describes how he feels being left a home to take care of the rest of his family. It is a very

smashing story writes Publisher Weekly. Second, it is a very interesting book. It always keeps you on the edge of your seat. For example, in the book Howie was a dumbwaiter spying on his Principal who he thought was a Nazi spy. My last reason is that it is fast paced. You can't put it down and before you know it, you're done.

I think it is a good book because it is funny and teaches you a lot about life during WWII. So I implore you to check this book out of your local library.
